

HOME OF GRACE MINISTRY CAMBODIA

August 19, 2019

Greetings Family and Friends!!

What a miracle summer!! God was doing great things through Home of Grace Ministry! Many children and adults have received God's love and mercy through your prayers and financial support. With many of you stepping out to become the hands and feet of Jesus, to show the world the wonderful name of Jesus, for He has loved and care for them through your faith and action!!

We have safely returned home on the 14th from our 77 day journey in the field, but we feel the spirit of God's work still remains in us. It is always an encouragement for us knowing that we have such an amazing family of God as you have served with us through your spirit in prayers and going to support the work God has called upon us to serve in the nation of Cambodia. His plan for us continues to move forward with many challenges to come. We are so excited to update you some of His great work and what He continues to do in this ministry. As you may know, many have joined us to serve this summer to experience God's marvelous work inside many hearts of the children and people of Cambodia through your faithful serving!!

We had such a joy and privilege of hosting 4 wonderful teams that came at 3 separate times this summer: First Baptist Church in Houston who came in June, First Baptist Church in Broken Arrow with Coweta Baptist Church in July and another team from Singapore in August. We give thanks to the Lord and to their church for making it possible for them to go and serve with Home of Grace in the field. Those teams are outstanding in whatever they do with all their hearts that God called onto them to GO, to share others God's compassion and reach out to the lost and needy in remote areas! The journey was far from easy as the climate became hotter and sweeter by the day. And when the rain came, it poured heavy! It was extremely difficult for us to go through the narrow and muddy roads into the villages, but we continue to put our trust in the Lord for the great things He has promised and set before us.

This summer, we had a remarkable success of 3 VBS in different provinces:

1. Home of Grace in Kandal Province with over 500 children attended.
2. Home of Hope in Kampong Speu Province with close to a thousand children.
3. Home of Faith in Takeo Province with about 700 children.

God had touched the heart of the principles and teachers to allow the children to have a day off from school to attend our VBS. What a joy to have over two thousand children in total to attend the VBS this summer to the place God prepared them to come and learn!! We used that opportunity to share the stories in the bible and other fun activities. We fed all the children who attended VBS sandwiches and chicken rich soup with refreshments for lunch.

Also, before they went home we showed them the importance of school and our care for their education by blessing all the children in need with school supplies from God's love.

The Lord had prepared the hearts of many people before our teams arrived into the villages to share the gospel. The teams went at different times and to different villages. We were thrilled beyond words to witness the power of God's work pouring out into the heart of the people through His grace and mercy!! His words spread incredibly like wildfire throughout many different villages!! Many of the people heard the message and accepted Jesus Christ as their Savior. During this journey, we had over 300 people give their life to Christ and 183 people made a public profession of faith!! What an incredible time to witness our new brothers and sisters joining together into the family of God!!

We shared the blessing from God to over 700 families in need with each family receiving 50lbs of rice, a mosquito net, a blanket, a mat, noodles, sarong (Cambodia's custom skirt), refreshments, and fresh bread. Many families were extremely grateful; they showed their appreciation with such a big smile on their face and it bought all of us joy in our hearts!! The scripture says it is more blessed to give than to receive!

Home of Grace children are doing amazingly! They were such a tremendous help with the VBS, preparing the gift bags for all the village children. They also lead all the programs during VBS and shared their testimonies of God's power and mercy on their lives. Thanks to all who is a part of raising them through your prayers and support for their future. The children were so thrilled to go to the beach and water park for the summer!

We give thanks to the Lord for all that He has done through Home of Grace Ministry for all His glory this summer, especially for working in the heart of our brothers and sisters who joined us in the journey of faith. Through your prayers, given, and going we know this could not have been possible without your faith, love, and support to Home of Grace Ministry and God's continual work in the nation of Cambodia!!

In His Service,

Henry & Neri Tran
